rush to purchase
The **driving** **you**
nsch to purchase
The **driving** **life**
rob; look plunder
The **driving** **in**
rescue; save; salve

The diagram illustrates the semantic relationship between 'step back' and 'drive back'. It features two main nodes at the top: 'step back' on the left and 'drive back' on the right. Below these, a large bracket labeled 'antonym' spans the distance between them. A vertical line connects the center of the 'step back' node to the center of the 'drive back' node. To the left of this central line, the word 'repulse' is written above the bracket. To the right, the word 'refresh' is written below the bracket. The entire diagram is enclosed in a rectangular border.
